**Notification of Emergency Date Extension for Dextran 40 in Sodium Chloride Injection, USP
and Dextran 40 in Dextrose Injection, USP**

Dear Valued Customer,

Pfizer has received approval from the U.S. Food and Drug Administration (FDA) of our emergency request to extend the use date for one lot of **10% LMD in 0.9% Sodium Chloride Injection (Dextran 40 in Sodium Chloride Injection) USP**, NDC 0409-7419-03, and one lot of **10% LMD in 5% Dextrose Injection (Dextran 40 in Dextrose Injection) USP**, NDC 0409-7418-03, to mitigate a shortage of these critical products.

Lot 5859955 listed in the table included at the end of this letter has been extended 12 months beyond the April 1, 2024, use date to April 1, 2025 for 10% LMD in 0.9% Sodium Chloride Injection (Dextran 40 in Sodium Chloride Injection) USP.

Lot 6040410 listed in the table included at the end of this letter has been extended 10 months beyond the November 1, 2024, use date to September 1, 2025 for 10% LMD in 5% Dextrose Injection (Dextran 40 in Dextrose Injection) USP.

If replacement product becomes available during the extension period, customers are expected to replace and properly dispose of these affected lots as soon as possible. We anticipate that FDA's [website](#), which lists extended use dates to assist with drug shortages, will also be updated to reflect this information.

If you have any questions, please call our Customer Service Department at 1-844-646-4398.

Thank you,

Roman Savchenko
Portfolio Director, Premix & Pain
Pfizer Hospital U.S.

Emergency Extended Use Dating for 1 lot of Dextran 40 in Dextrose Injection, USP, and 1 lot of Dextran 40 in Sodium Chloride Injection, USP
