Important Information Regarding Customer Service Support by Product Line

Dear Customer,

The Customer Service functions will be separated by product lines to provide you, our customers, more focused support. Effective **February 27, 2017** there will be a dedicated Customer Service team for each of the Hospira, a Pfizer company, Sterile Injectable Pharmaceuticals (SIP) and ICU Medical/Hospira Infusion Systems (HIS) product lines. Please see the key changes below:

- **Customer Service contact information for Hospira SIP will be updated.** Detailed information can be found in the attached reference guide.
 - Updated contact information will apply to Hospira SIP products only.
 - Contact information for ICU Medical/ HIS products will **not** change.
- **Hospira SIP and ICU Medical/HIS products should be on separate and distinct purchase orders beginning with orders placed on February 27, 2017. Please update your purchasing processes accordingly.**
 - You may continue to use your existing systems for ordering product.
 - Please note there should be no change to the location in which invoice payments are submitted. Please continue to submit payment to the same legacy Hospira address until further notice. A separate communication will be delivered in the event of a modification to the current remittance address.
- **Pfizer Injectable products should be ordered using the National Drug Code (NDC) instead of material or catalog number.**

Additionally, these changes are necessary in order to enable upgrades to phone and order management systems. The attached reference guides detail the contact information for Pfizer Injectables and ICU Medical/ HIS Customer Service.

- **Hospira SIP** products include legacy Hospira sterile injectable pharmaceuticals. (Please see Exhibit B for a list of products).
- **ICU Medical/ HIS** products include IV solutions, gravity sets and disposables, dedicated sets and infusion devices, LCPCA® prefilled syringes and empties, and Hospira MedNet® software. (Please see Exhibit A for a list of products).

If you have any questions, please contact the Customer Service team at 1-877-946-7747, PICustomerService@pfizer.com.

Sincerely,

Louis Dallago
VP, US Trade Group
