**Recent Delivery and Supply Available of
Vincristine Sulfate Injection, USP Presentations**

Dear Valued Customer,

We wanted to provide you with news and timely updates on availability of Pfizer's Vincristine Sulfate Injection, USP. Since October, Pfizer has delivered more than 100,000 doses of Vincristine to healthcare providers, representing greater than three months of therapy available for patients. Pfizer received an additional delivery of Vincristine last week and supply is available to order for both presentations:

- Vincristine Sulfate Injection, USP 1 mg/mL, Single Dose ONCO-TAIN™ Glass Fliptop Vial, (Unit of Sale NDC: 61703-0309-06)
- Vincristine Sulfate Injection, USP 2 mg/2 mL (1 mg/mL) Single Dose ONCO-TAIN™ Glass Fliptop Vial, (Unit of Sale NDC: 61703-0309-16)

If you are a provider and have immediate need for Vincristine, contact the Supply Continuity Team at 1-844-646-4398 and select option 1, and then option 3. Parents, patients or caregivers in need should contact their healthcare provider and ask them to reach out to us and we will ensure their providers receive needed product.

All healthcare providers who have contacted us directly to request additional product have received it. For urgent situations, we've typically provided product within 24 hours. Pfizer has accomplished this in pursuit of our goal that no patient misses a dose and that healthcare providers do not have to prioritize one patient need over another.

As a major provider of sterile injectable products, Pfizer Hospital is committed to timely communication regarding the availability of high-quality products for all healthcare providers and their patients throughout the 5,500+ hospitals and cancer and infusion centers across the country.

To review the most up-to-date information on product availability, please download the Availability Report from our pfizerinjectables.com website. You can also contact our Supply Continuity Team between 7:00am – 6:00pm CT, M - F, to discuss any product availability questions at 1-844-646-4398 (select option 1 [Customer], then option 3 [Supply Continuity Team]).

Thank you,

Chris Hernandez
